Dear Mr Ciocoiu,

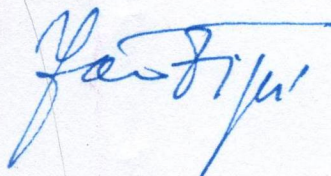

It is my great pleasure to present you with the catalogue and the DVD containing a virtual tour of the *Berlaymont Summa Artis* exhibition.

This catalogue brings together a selection of almost 350 artworks lent on a temporary basis by all 27 Member States to the European Commission and which have been installed in the common spaces of the Berlaymont building. The catalogue is a testimony of how art integrates perfectly in the architecture of the Berlaymont, while the building itself remains a busy centre of political and administrative activity. It demonstrates at the same time the cultural richness and diversity for which Europe stands.

Dear Mr Ciocoiu, I would like to thank you for your contribution to the initiative to fill this emblematic and important building with fine examples of European culture. Your art is very much admired and appreciated by both the officials of the European Commission and thousands of visitors who come to this building and enjoy this valuable artistic contribution.

Enjoy the catalogue and the virtual tour.

Yours sincerely,

Mr Emil Ciocoiu
